

To Whom it May Concern:

I had the privilege of having Subyn Wadsworth demonstrate her extraordinary talent at our annual fundraiser for ElevateMeD. ElevateMeD is a 501(c)(3) nonprofit organization managed by a Board of Directors that was developed out of the need to elevate medicine to an ideal where the physician workforce racially and ethnically represents the community served. The cost of medical education in the United States has become prohibitive, distracting bright students from seeking a career in medicine. Medical students from racial and ethnic backgrounds underrepresented in medicine are facing unprecedented levels of indebtedness, stifling their future career choices. The ElevateMeD Scholars Program will provide significant financial assistance to medical students while providing them access to mentorship, leadership training, and financial management education. ElevateMeD Scholars will become the next generation of physician leaders well poised to continue the cycle of philanthropy and dedication to community.

ElevateMeD hosted our launch fundraiser in September 2019 and invited Subyn with a goal of helping us raise \$30,000 for our organization. Our total fundraising goal for 2019 was \$100,000. To raise nearly 1/3 of that amount in one night was a significant undertaking, and would be the equivalent of 3 scholarships. Subyn was meticulous in her preparation for our event. She took an interest in who we are and the mission and vision of our organization. She asked for additional background information regarding our cause and why the need for our organization was so urgent. When the night of the event occurred, not only did Subyn become an ambassador for our organization with her armamentarium of facts but she also became a force of nature helping our organization exceed our expectations having raised \$75,000 by the end of the night.

The gift that Subyn has given ElevateMeD with her professionalism and talent is one that I cherish and will always remember. We continue to work with Subyn and couldn't ask for a better brand ambassador for our organization. I wholeheartedly recommend Ms. Subyn Wadsworth without hesitation to ensure any organization reaches their highest potential.

Sincerely,

Dr. Alyx Porter Umphrey
Founder, ElevateMeD Inc.
